Personal experience

Festive season sales assistant: Cape union mart | November 2022 – December 2022

I was responsible for:

- Assisted in setting up and decorating the store for the festive season
- Greeted and engaged with customers in a friendly and professional manner
- Assisted in restoring and organizing merchandise on the sales floor
- Maintained cleanliness and organization in the store during busy periods
- Assisted with gift wrapping services for customers.

I have 2 months of working experience as a sales assistant and that has improved my skills in communication, team work and working under pressure. I am a graduate of Boston City Campus with a systems development diploma and I have decided to further my studies with my software engineering and full stack courses.

Key skills

Bootstrap (framework)	Front-End Development
